BRIEF ABSTRACT OF LETTER.

Recommends that the school may be placed under the management of a Committee of management appd. by the D.G. of E. and the present grant may be enhanced from Rs 75/- to Rs 175/-

NOTES AND ORDERS.

In G.O. No. 16449 of 30.11.14, Govt declined to enhance the grant-in-aid of the S.R. N's A.V. School from Rs 75 to Rs 175 & to recognise it as a High School. It observed, that they wd be prepared to reconsider

the question of larger grant if the School improves in the matter of housing requirement. The Dy was also requested to submit a report in the matter of putting up a new building or starting a new Govt or municipal school within the limits of the old city in order to relieve the congestion in this school which is attended by over 1000 children & with regd to this order the Dy of Edn states that he is of opinion that instead of starting a new Govt or Mun. School, the existing A.V. School of Mr. J.R. Ranganadich which is popular may be improved, and submits proposals in consultation with Mr S.R.N. for placing the school under the control of a managing committee to be appd by the Dy of Edn, for raising the present grant of Rs 75 to the school to Rs 175 per month & for improving the efficiency of the school both in the staff employed and in the proper accommodation.

4 There are two or three important points which have to be considered in regard to the proposals made by the Dy. (1) He states in his correspondence with the Vanguard Sp. the formation of the school, that its status will be "communal" & not "proprietary". If by any reason the income is to fall below the expenditure, there is no guarantee that any of the communities will make good the deficit. Probably it will have to be made good by Govt. or Municipality as the Committee is virtually appointed by the Govt. or Dy. & by Govt. (2) the Municipality does not seem to have been consulted & I think it has to be. (3) It is not clear why 50 Rs a month for 10 years or 75 Rs 6 years is to be given to the Committee in addition to cost of furniture. I am aware that the Committee has made laudable endeavours & deserves commendation. At present the income is stated to be only 596 & the expenditure 882 or as 75 Rs is the maximum

I think such cases are pre-eminently fitting for Govt & royal recognition & not mintly grants running for 10 years. Even a bonus only for all cannot be better. ~~From~~ ~~who~~ ~~[illegible]~~ who is to guarantee the continuation of the school for the next 10 years & who is to be responsible for payment are delicate questions. To sum up, I would recommend that the file be sent confidentially & D.O. to the Honorary Secretary of the Municipality for favour of his own views.

5 Apparently the school is a means of livelihood to the proprietor and he is not prepared to transfer it unconditionally. It is not desirable to take up the school with the burden of paying the proprietor Rs 50 a month

for a period of ten years if not more.

If there is no doubt that need for an additional school in this locality and if the proprietor is prepared to make it over to Govt unconditionally it may be converted into a Govt school and he hereafter paid a reasonable amount for furniture &c. If he is not prepared to do this it seems desirable to entertain the Govt provided the school is efficiently maintained and we may even insist upon a Committee similar to the one now proposed being associated with the school. Though I am in favour of every reasonable facility being given to private enterprise yet I think it would be a mistake to burden Govt with unreasonable conditions for the sake of mere sentiment

OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 17307 / 736 ----- Enc. 8

Bangalore, 4th March 1916

DIARY No. 3441.

From

RAO BAHADUR M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

P.G. D'Souza, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore.
Departments of Education and Agriculture.
Bangalore

SIR,

With reference to Government Order No.1649/Ed..311-12-10 dated 30th November 1914 declining to enhance the grant of S.R.P. Hindu A. V. School, Sultanpet, Bangalore City from Rs.75 to Rs.175 and calling for proposals to start a Government or a Municipal school of the Lower Secondary standard in that part of the City in consultation with the President of the City Municipal Council, I have the honour to submit herewith copy of letter No.2080 dated 27th February 1915 from the Municipal President with a copy of the resolution of the Municipal Schools Committee, proposing the erection of a Government building and the starting of a High School near the old Municipal Sayerkatte. I am of opinion, however, that instead of starting a rival Government or Municipal School, the existing A.V. School of Mr. S.R. Nanjundaiya which has become very popular may be improved and I beg to submit the following proposals, arrived at in consultation with Mr. Nanjundaiya and to which he has signified his consent:-

(1) That the school should be placed under a Committee of Management appointed by the Inspector General of Education.

(2) That all proprietary rights that Mr. S.R. Nanjundaiya

now possesses should cease from the day the management of the said institution is transferred to the Committee.

(3) That the name of the Institution should continue to be "S.R.N's Hindu A.V. School".

(4) That an honorarium of Rs.50 per mensem should be paid by the Committee to Mr. S.R. Nanjundaiya out of the collection of school fees, the amount being liable to revision after ten years.

(5) That a fair valuation of all the existing furniture should be made and Mr. Nanjundaiya should be paid any excess over the Government grant given for the purchase of such furniture from time to time.

(6) That to improve the efficiency of the staff of the school, a better scale of pay should be provided by the Committee similar to the one obtaining in the Government Anglo-Vernacular School, Fort, Bangalore City.

As regards the financial aspect of the proposal, I beg to state that the fee income of the school amounts to Rs.796 per month on an average. Besides this source of income, the school gets a grant of Rs.75 per month from State Funds and Rs.25 from Municipal Funds. Thus the total income of the school amounts to about Rs.896 per month. Against this, the present expenditure and the proposed expenditure of the school amount to Rs.882 and Rs.981 per month respectively as per statement enclosed. In these circumstances I recommend that to meet the increased expenditure, Government may be pleased to increase the grant from State Funds from Rs.75 to Rs.175 per month with effect from 1st May 1916. The Committee will be ~~xxxx~~ required to engage a good building which is available for the school from

May

May next. The extra cost of Rs.100 for the month of May during the current official year may be met from the lumpsum provision of Rs.8,000 provided in the current year's budget for opening English and Vernacular Schools etc., under the head of 18h.- (8) Grants-in-aid - 2 Salary and rent - Grants to Anglo-Vernacular, Vernacular and Sanskrit Schools, due provision being made therefor in the next and subsequent years' budgets. A sum of Rs.1,000 may also be sanctioned to meet the Government share to refund the cost of furniture as valued. The amount required will be met from the provision of Rs.5,000 for furniture etc. to aided schools under 18-Education - (8) Grants-in-aid.

I consider that these proposals, if sanctioned, will go a long way to keep the school in an efficient condition. Copies of correspondence with Mr. Nanjundaiya are enclosed.

I have the honour to be,

With reference to your letter No.9932/1601 dated the 9th December 1914, forwarding for my opinion, copy of Government Order No.1549/Edn.311-12-10 dated the 30th November 1914 declining to enhance the grant of S.R. Nanjundiah's Hindu A.V. School, Sultanpet, Bangalore, and suggesting the desirability of putting up a new building and starting a Government or Municipal School somewhere within the limits of the Old City, and subsequent reminder No.12822/2082 dated the 26th January 1915 in the matter, I have the honour to state that the question was referred to the City Municipal Schools Committee, and they have expressed the opinion that a new building is essential for a Lower Secondary School within the limits of the Old City and another High School might also be profitably established. A copy of their resolution dated the 29th January 1915 is herewith sent for reference.

2. Considering the keen interest evinced by the public for the education of their children and the rapid increase in the number of school-going boys every year, I agree with the opinion of the School Committee and propose that a new Government High School may be built on the site of the Old Municipal Sayetkatte, acquiring more land if necessary, as this is in the centre of the Old City.

Docket No.5910/663 dated 24th September 1915 from the Inspector General of Education in Mysore, to the Manager, S.R.N's Hindu A.V. School, Sultanpet, Bangalore City.

Has the honour to observe that the institution as it stands at present is in need of being housed in a commodious building and in the interests of the large number of the pupils attending his institution it is also desirable to introduce certain changes especially as after the introduction of the Compulsory Education Scheme, more children are likely to be drawn to the schools, and more accommodation will be necessary. It may also be possible that with the increase in the number of smaller, but more efficient schools, the strength in his school may undergo a material reduction. In these circumstances the Inspector General will be glad to know if Mr. Nanjundaiya will be agreeable to place the school under the management of a Committee to be appointed by the Inspector General and whether he would accept all such changes as may become necessary by placing the school under a Committee. The School may continue to bear the same name that it has now and there is also no intention of depriving him of any benefit that he may be enjoying now, in the shape of an honorarium for his own management. It may become also necessary to make a valuation of all the properties now belonging to the school so that his claims on them may be settled once for all. The status of the school will in future be that of a communal school and not that of a proprietary school. The Inspector General requests that Mr. Nanjundaiya will be good enough to intimate as early as possible as to his willingness or otherwise to accept the changes above proposed.

Letter No.47/1 dated 25th October 1915 from the Manager, S.R.N's Hindu A.V. School, Sultanpet, Bangalore City, to the Inspector General of Education in Mysore.

With reference to your docket No.5910/663 dated 24th September 1915, desiring to know if I would be willing to cease to be the proprietor of the S.R.N's Hindu A.V. School and to place the institution under the management of a Committee, I have the honour to respectfully submit the following few lines for favour of your generous and sympathetic consideration:-

With a view to do some service to the public, I started a school with only two boys on the auspicious occasion of the installation of His Highness the Maharaja of Mysore, on the 8th of August 1902. By the grace of God, by the help of our benign Government and the Municipality, and by the assistance of the citizens of Bangalore, the small school has, in course of time, developed itself into a big institution with nearly 1,100 students on the roll.

This institution has all along been working as efficiently as a departmental one and under the same conditions as is testified by the remarks made, from time to time, by the inspecting officers. Notwithstanding this fact, there was a time when its progress was seriously threatened by the objection, namely, the want of suitable and sufficient accommodation. At this juncture, it was rescued from the threatening danger by the generosity of the worthy President and the Members of the Local Municipal Council, who kindly placed at my disposal the building which was formerly used by the City Municipal School. This building required considerable repairs before it could be used for the purposes of the school, and a sum of Rs.2,120 (of which a sum of Rs.1,700 was sanctioned by the Municipality and a sum of Rs.450 was contributed by myself) was spent for the purpose. At the time when His Highness the Yuvaraja of Mysore graciously condescended to distribute the prizes of the school, a Committee

of

of management was brought into existence. In pursuance of a resolution passed unanimously by the members of this Committee, application to you for enhanced grant and for formal sanction to convert this institution into a High School. Before passing orders on this application, the First Member of Council and the Inspector General of Education condescended to visit the institution. To my great misfortune, the visit took place at a time when the Municipal building was under repairs and when, out of necessity, a very large number of classes was crowded in the central building in Sultanpet. To add to my misfortune, the day of this visit was exceptionally cloudy--cloudy enough to creat an unfavourable opinion regarding the main building in Sultanpet. Even the stables attached to the building had to be made use of for holding classes. If the same visit be paid now, the impression that was made then will, I am sure, be considerably modified. Now, all the sections of the Third and Second Forms and two sections of the First Form together with the office and Library are held in the Municipal Building and only two sections of the First Form and the English I and II classes are held in the main building, while the remaining lower classes are held in the Branch school building in Sultanpet. After the Government Order No.1649/Edn.511-12-10, dated 30th November 1914 which states that unless the Managers of the School can procure a better building, the Government are not in favour of recognising it as a High School or giving it an enhanced grant was received by the Managing Committee they took no further action in the matter. In this connection, I have to state, with due deference to the members and without any disparagement to any of them, that I was forced to come to the conclusion that it was impossible to expect them who were busy in other ways, to pay much attention to the affairs of my school. I therefore applied to the President for permission to go on as before without a Committee. It very often happens that institutions managed by local Committees composed of members following other professions labour under very serious disadvantages. For this and various other reasons, I have to state with regret that, however

well-intentioned and useful the Committee proposed to be appointed by the Inspector General of Education may be, I am not at all in favour of placing my institution under Committee or any kind of intermediate authority between myself and the Government.

As regards the objection, viz., that my institution is in need of being housed in a commodious building, I have to state that I hope to meet this objection by erecting, within a reasonable time, partly with the help of our all-merciful Government and the Municipality, and partly with the help of the wealthy and philanthropic citizens, both in and out of the Province. Here I beg leave of you to remind you of the remarks - a copy is herein enclosed - which your unbounded sympathy for a thriving private institution like mine prompted you to make at the time of your last visit to my school.

As regards the probability pointed out by you of the strength of my school undergoing a material reduction with the increase in the number of smaller but more efficient schools, I earnestly entrea you that in connection with the introduction of the Compulsory Educa tion Scheme, you may regard private effort as the essential feature of the scheme of Education and treat me as an ally to be welcomed and encouraged and not as a rival to be crushed. I also earnestly implore you not to allow any circumstance connected with the Compulsory Education Scheme to impede or retard the progress of my institution. I shall endeavour to introduce all the changes that may become necessary under this scheme so far as my school is concerned. The results of the Public Examinations clearly show that my school, big as it is, has never been less efficient than any smaller school of the type in the Province. The members of my staff and myself shall strain every nerve to maintain a sufficiently high standard of efficiency.

As the fact, that the origin of the institution is associated with the happy event of the Installation of His Highness the Maharaja of Mysore, has been one of the main causes of its ever increasing

popularity, I have a long-cherished desire to raise it to a High School, and after it is brought to full working order, to avail myself of some public function connected with it and presided over by His Highness the Maharaja, to place the fruit of my years of toil at the honored feet of His Highness, with a request that it may be handed over to His Highness's Government, and then to seek retirement from active life. I humbly beseech you not to wrest the proprietorship of my school from me until I realise this object and to render me all possible help to enable me to attain this object of my life.

Lastly I have to add that if, to my misfortune, it should so happen that I shall have, by my negative reply, to incur the displeasure of the Inspector General of Education, or the Government or the Municipality, which displeasure may tend to produce a deteriorating effect upon my institution, I shall be willing to hand it over to our benign Government on certain specific conditions, but not in any case to any intermediate authority.

Trusting that my appeal will be mercifully considered and that favourable orders may be passed.

"C o p y"

Letter No.10607/1101 dated 3rd December 1915 from the Inspector General of Education in Mysore, to Mr. S.R. Nanjundaiya, Manager, S.R.N's Hindu A.V. School, Sultanpet, Bangalore City.

With reference to correspondence ending with your letter No. 47/1 dated 25th October 1915, Bangalore, and with reference to the personal representations made to me by you during the interview on the 21st November 1915, re. the question of placing S.R.N's Hindu A.V. School, Sultanpet, Bangalore, under a Committee of Management, I have the honour to observe that in view of its future improvements you seemed to be inclined to hand over the said institution, of which you are now proprietor and Manager, to a Committee on the following conditions:-

I. That the School be placed under a Committee of Management appointed by the Inspector General of Education in Mysore.

II. That all the proprietary rights that Mr. S.R.Nanjundaiya now possesses do cease from the day the Management of the said institution is transferred to the Committee.

III. That the following Government Officers and private gentlemen do constitute the first Committee for this purpose for a period of three years, subject to approval by Government:-

(1) The Inspector General of Education in Mysore (President)
(2) Dr. P.S. Achyuta Rao, L.M. & S., Retired Senior Surgeon
(3) C. Krishna Rao, Esq., B.A., Secretary, Education Committee, Economic Conference, Bangalore
(4) The Vice President of the Bangalore City Municipality
(5) S.R. Nanjundaiya, Esq., Manager, S.R.N's A.V. School.

IV. That the Head Master of the said A.V. School do act, until otherwise ordered by the Committee, as Secretary.

V. The name of the Institution do continue to be "S.R.N's

A.V. School".

VI. That an honorarium of Rs.50 per mensem be paid by the Committee to Mr. S.R. Nanjundaiya out of the collection of school fee, the amount being liable to revision after ten years.

VII. That Mr. S.R. Nanjundaiya, be paid the amount he has spent on the purchase of the existing furniture of the school, in excess of the total amount of grants made to him by Government, for this purpose, from time to time. To ascertain this excess, a valuation at their present worth should be made by professional men of all the articles of furniture belonging to the school.

VIII. That with a view to improving the efficiency of the staff of the said school, a better scale of pay be provided by the Committee similar to the scales obtaining in the Government Anglo-Vernacular Schools of the City of Bangalore. The existing teachers as per list given should continue to draw their present pay and the new scale to be applied to new employes.

Now, as I have to address Government on this subject, I request you will be so good as to state whether the conditions as herein formulated are acceptable to you.

A definite and an early reply with a view to final decision is requested.

for the improvement of the A. V. School have been made by the D. E. O. in consultation with Mr. Ranjundrah.

(1) That the School should be placed under a Committee of management appointed by the D. E. O.

(2) That all proprietary rights of Mr. S. R. Ranjundrah should cease from the day the management of the said institution is transferred to the Committee.

(3) That the name of the institution should continue to be S. R. N's Anadu A. V. School

(4) That an honorarium of Rs 50/p.m should be paid by the Committee to Mr. S. R. Ranjundrah out of the collection of School fees the amount being liable to revision after few years.

(5) That a fair valuation of all the existing furniture.

should be made & Mr. Sanjundiah should be paid the excess over the Govt. grant for the purchase of such furniture from time to time.

(b) That to improve the efficiency of the staff of the School, a better scale of pay should be provided by the Committee similar to the one obtaining in the Govt. A.V. School, Fort, Bangalore city.

2 Govt are pleased to sanction the above proposals with the exception of the one relating to the grant of an honorarium of Rs 50. p.m. to Mr. Sanjundiah. The Committee may pay the proprietor any salary they deem fit if he agrees to work in the School.

2. The School will continue as an aided institution
